Next Step In Plan To Incorporate Is Set For Thursday

The next step in the lengthy program to determine whether the Truckee-Donner area shall become an incorporated city, eligible to receive the benefits granted cities in California, will be taken with the circulation of a petition asking the board of supervisors to call an election.

Jack Marquette, president of the Truckee-Donner Chamber of Commerce, which is sponsoring the study, this week announced he would call a meeting of the chamber's incorporation committee for 2 p. m. Thursday, July 9 in the office of the Sierra Sun to go over the petition and make it available to residents of the community for signatures.

Signing the petition, it was pointed out, does not necessarily mean the signer is for or against the incorporation plan, but will simply bring the matter to a vote.

Both the board of supervisors and the Local Agency Formation Commission would hold a public hearings on the plan after the petitions are presented and before the election is held. While it is too late to have the election by September and thus, if it carried, have the city certified for the next fiscal year, the committee plans to proceed with the project in order to reach a public decision as soon as possible.

A recent feasibility report by an unbiased consultant indicated both Truckee proper and the Donner Lake area will be benefitted under incorporation both from a point of services and financially. This report showed that the entire area embraced by the Truckee Public Utility District should be included if the project is to be successfu. Any exclusion from that area would be harmful to the entire program, the report indicated.

Truckee Boy Hurt In Swim Accident At Lake Channel

Malcolm Pierce, 15 year old Tahoe-Truckee high school student and son of Mr. and Mrs. Dearman of the Donner Lake area, is in critical condition in Washoe Medical Center as a result of a swimming accident Friday afternoon at Donner State Park.

With a group of other young people, Malcolm was swimming in the channel pool. He climbed up a tree, which overhangs the pool, a distance of 10 or 15 feet, and dived into the water. His head struck the bottom and he broke his neck, paralyzing one side.

He was rushed to Tahoe Forest Hospital and later taken to Reno for specialized treatment.

Pete Tallant, assistant superintendent at the park, made the investigation. He said that other swimmers immediately saw the boy's plight and pulled him from the pool and called for help.

Although the area is posted as a hazardous water area with no life guard available, scores of boys and girls frequent the pool during the summer and the injury of the Pierce boy marks the first serious accident there.

Aviation Course Is Being Studied For Local High School

The possibility that a course in aviation may be offered in the Tahoe-Truckee High School is being explored by Andrew Creglow, manager of the Truckee-Tahoe Airport, who will present a comprehensive plan to school authorities.

Creglow said the course is being offered in a number of high schools where classroom as well as field studies are being extended, with more and more air-minded young people taking up the lessons.

Experienced, capable instructors are available on a part-time basis, Creglow explained. He added that training at this time is valuable whether or not the student plans to make flying a career. Mountain courses, especially, are necessary and although only a few might take the course initially, he sees a bright future.

W. Earl Sams, consultant with the bureau of secondary education for the state, has communicated with Creglow with a tentative offer to set up the course locally. Sams has prepared a booklet setting forth the necessary steps required and all the essential information in establishing a course in aviation.

Many schools, Creglow explained, have installed training equipment such as Link trainers, weather instruments and even training planes, as well as text books.

With an excellent airport and qualified teachers, Creglow sees a great future in aviation for this region.

There are currently five deputies in this end of the county but all are outside patrolmen, leaving the office without personnel.

The girl apparently became panicky and leaped through an opening on the lower side of the tunnel, tumbling down the mountain side some distance and suffering injuries.

Although the accident occurred in Placer County, Sheriff's Deputies Leo Zander, Robert Schooley and Preston Patnoude went to the scene on a railroad scooter and carried the girl to Andover where they were met by Sergeant Roy Waters in the jeep and taken to the hospital. Zander suffered a back injury while carrying the injured girl.

Tahoe Residents Protest Plan For West Side Route

MEEKS BAY — Three hundred citizens from all parts of the state gathered Saturday at the Meeks Bay Theater to vigorously protest a state plan to construct a freeway down the west side of Lake Tahoe.

After a two-hour session, the rebellious citizens approved a resolution to enlist the aid of the legislature and Governor Edmund G. Brown in a massive campaign to halt the proposed freeway.

It was pointed out that a freeway would mar the esthetic beauty of the west shore and George Gatter of San Francisco, a planning consultant, said the road would "destroy the west shore as a recreation area," result in interchanges to make "a bucket of worms like that in Monterey" and "desecrate" Emerald Bay.

The resolution, adopted without opposition, declared the California Highway Commission must abandon its present route choice for the $20 million project and that the state legislature should designate Route 89 as a parkway.

William Evers, the committee's attorney, said urgent pleas for legislation will be made to every Northern California member of the legislature.

George Kehlet, owner of the Meeks Bay Resort, said the Tahoe west side should be kept "country like," and proposed that "the honky-tonk city being built by the gaming industry on the south shore be confined there."

Pilot Is Killed As Borate Plane Is Wrecked In Area

A small forest fire unintentionally started by two 14 year old boys Thursday afternoon ultimately resulted in the death of a Grass Valley man, pilot on a borate plane, summoned to control the blaze.

Louis Leach, 36, pilot for the Cal-Nat Air Service, stationed at Loma Rica Airport near Nevada City, died in the flaming crash of the F7F, twin-engine plane shortly before 4 p.m. Thursday after dumping the retardent on the flames just north-east of Prosser Lake dam, three miles northwest of Truckee.

Leach had circled the ¼-acre blaze resulting from the campfire which the two boys had built, dropping the retardent from a low elevation. He was apparently unable to climb out and the plane's left wing brushed a tree top, tearing off the wing and sending the plane to the ground. It went backwards across the Prosser dam, careened into the spillway on the south side and exploded, rolling down the embankment in a firey ball, causing a second fire.

The inmate crew from Hobart Mills, members of the Truckee Volunteer Fire Department were rushed to the scene and held the second fire to less than half an acre. Leach apparently died instantly.

The F7F, a converted navy bomber, was under lease to the forest service and was seen by hundreds of people during the demonstration of a borate drop at the dedication of the Truckee-

Moral: Keep your savings in the bank

A fast profit is fine for investment capital. But savings are different. They need the complete protection and the steady rate of interest they get at a bank. Your savings won't make any flashy spurts or spectacular jumps, but they'll always be there when you need them. And in the long run you'll find you're ahead when you keep your savings where savings belong—*in the bank.*

Everybody ready for a "bang-up" time this weekend. Saturday's the 4th of July! Looks like the weather will be good, too.

* * *

Good news! The cement paving is being poured now on the lower split level of the freeway above Donner Lake and hopes are for a completion date in October this year. We're all looking forward to that important event.

* * *

Don't forget to send in those cards, those of you who are against the incorporation of Donner Lake into the proposed city of Truckee. Be sure to fill them all out and sign them. There has been a good response already so don't delay. Biggest objection is that people don't want a VACATION HOME IN A CITY.

* * *

A meeting of the Donner Lake Property Owners' Association will be held Saturday, July 4th at 1:30 p.m. on their beach at the west end of the lake. Several topics of interest, such as roads, incorporation, and beach facilities will be discussed and the election of officers will be held. President William E. von Tagen urges all interested property owners to attend.

* * *

Members of the Oakland Ski Club on Donner Summit are having a work party at their lodge this weekend. They always have a good time down at Donner Lake after the chores are done.

* * *

Squaw Valley is holding a snow ski race Sunday, July 5th on one of the high peaks. So get out those skis and boots and join in the fun. The Gondola is operating daily now for scenic rides

* * *

The Donner Lake Volunteer Fire Department members of the four teams for the hose coupling contest have been practicing hard. These fellows are eager to show their ability at the July 12th picnic planned for department and auxiliary members and their families. Fire Chief Shorty Harris promises a lot of fun for all especially during the tug-o-war contest.

The Ladies Auxiliary House and Cabin tour is scheduled for August 1. Boats and cars will leave Donner Lake Lodge at 1 p.m. to see at least five places on the shore of the lake. Tickets are

Some of your friends in South Tahoe may have a new telephone number.

(Just double check your new telephone directory before you dial.)

On July 1, a new prefix 541 was introduced to keep pace with the growing South Tahoe area. Of course, the familiar telephone prefix 544 is still around. But just in case a friend's number has changed, look it up first. It could save you time and trouble.

If you find a new number, why not jot it down in your Personal Directory "Blue Book"? That way, you'll always have the right number—at your fingertips.

COMMERCIAL SITES FOR TAHOE SOUGHT

TAHOE CITY — The Placer County Planning Commission and residents of the North Tahoe Community are seeking sites to locate industrial firms needed to provide services in the area.

Planning Director Justin F. Barber said six locations, two in Kings Beach, two in Tahoe City and two in Lake Forest are required for such firms as contractors and builders. Forty acres are needed, he said.

The commission will study the matter during the next two months and may consider zoning industrial sites in September at a meeting in Tahoe City.

PLANS ABANDONED FOR PRIVATE CLUB

TAHOE CITY—At their meeting last week, the Placer County Planning Commission was advised that plans to establish a private sporting club near Sunnyside, south of Tahoe City, have been abandoned.

The planners were informed that John M. Reily, who attempted to set up the club, had withdrawn his request that the area be rezoned for recreation purposes. It was believed that Reily was unable to secure the land needed for the project.

PAINE AT CONVENTION

Bob Paine of Nevada City and a frequent visitor in this area has received press credentials from the Republican National Committee to attend the 1964 Republican convention at San Francisco. Paine was one of the organizers of the first Nevada County Young Republican Clubs in 1930.

DEEDY AND BILL NOW AT NEVADA LODGE

Care to fly to Paris for the weekend?

Want to jump aboard a transatlantic plane, wing your way East, step off in the City of Lights and slide luxuriously into a front row center seat at the Folies Bergere?

You can do almost that, when you visit Frederic Apcar's fantastic Paris-created and produced Vive Les Girls revue now on stage in the Topaz Room of North Lake Tahoe's Nevada Lodge.

"Vive Les Girls" may be seen three times each evening, except Monday (9 p.m., 11 p.m. and 1 a.m.). The 9 p.m. show is the dinner show for which reservations are advised.

The 1964 edition of the lavish revue has been acclaimed by the hundreds who have seen it since its opening in May as even bigger, even more exciting than its 1963 version.

Besides the spectacular costumes and the positively stunning ladies from Gay Paree, the show is an amazing potpourri of comedy, talented dancing and the most vibrant, interesting music this side of the twelve-tone scale. With an all-new cast and line-up Apcar has woven music, dancing and comedy into an artistic presentation of unequaled proportions.

Considered masters of comic timing, the amazing husband and wife team, Deedy and Bill, do many things well—from slapstick to mimicry, singing and dancing. Seeming to get as much pleasure out of their act as they generate, the two get into numerous spontaneous situations that ably abet their professional material.

PILOT KILLED
(Continued from Page 1)

Tahoe Airport on June 21.

Officials of the FAA and CAA arrived to make an investigation of the accident. Henry Branaugh, Tahoe Forest Supervisor, was on the scene shortly after the plane exploded to head the investigation

The fire was spotted by the Martis Peak lookout and was reported by a telephone company crew working in the area.

The boys had built a campfire but had failed to clear away the pine needles and other debris, simply placing a few rocks around the blaze. The 30-mile wind whipped the small fire out of control in a short time.

The body of Leach was taken to the Truckee Colonial Mortuary. accident, forest service officials

As a result of the unfortunate are again urging all parents to keep matches away from their children while they are in the woods. The boys, it was pointed out, were innocent of any intended wrong-doing, but were careless and not giving thought to the tragedy which followed.

Leach was a native of Pennsylvania and a graduate of the University of South Carolina. He served with both the Canadian and U. S. air force in World War II and the ten years he has spent crop dusting, aerial mapping and borate dropping.

He is survived by his wife, a son and daughter. His parents live in the east as do four brothers and a sister. He was making his first flight out of Loma Rica when the disaster occurred.

WATCH PONDEROSA PALISADES GROW

The roads into Ponderosa Palisades Estates are now under construction and will be closed temporarily.

UNIT NO. 1, INCLUDING 60 LOTS WILL SOON BE ON SALE

This subdivision will be served by paved roads, water and power. All lots are large and are protected by restrictions.

A temporary sales and information office will be opened about July 15, located half a mile south of Truckee on the Brockway road.

Cal-Neva Holding Open House Party

CRYSTAL BAY — The New Cal-Neva Lodge will open its doors for residents of the regions to view the new club and meet its management on Thursday, July 2nd. A complimentary cocktail party and special buffet of hors d'oeuvres will be served between the hours of 7:30 and 8:30 p.m., according to H, E. McCoskey, a principal in the new Cal-Neva management.

The open house will precede the gala grand opening of the new Cal-Neva planned for Friday, July 3rd, when Jack Young's "Spice on Ice" will start an engagement for three shows on Saturday and two on other week nights. This daring and glamorous show with eight production numbers will feature internationally known skating stars, Alan Konrad, Chuck Dodds, Margii Lee, Anne Lang and many others with the "Ice Cubettes," an eight girl skating chorus and six dazzling skating models.

"Spice on Ice" will be shown twice nightly at 9:30 p.m. and 12:30 a.m., except Saturdays when three shows will be staged at 8 and 11 p.m. and 2:00 a.m.

"A new policy has been adopted for show time in the Celebrity Room at the new Cal-Neva Lodge," McCoskey said, "we will serve only cocktails, champagne, and hors d'oeuvres at all shows." "Dinner is served every day in the new Cal-Neva Lakeview Room," he added.

Another new policy of the Celebrity Room was also explained by McCoskey.

"We welcome large groups, like clubs and lodges, to make reservations to see "Spice on Ice" in the Celebrity Room where we can seat over 600 persons at each show," he concluded.

ELLEN PATNOUDE TO WED INCLINE YOUTH

Preston Patnoude this week announced the engagement of his daughter, Ellen Louise to Kent Bullock of Incline Village. Bullock is a son of Mr. and Mrs. Larry Bulock, the former a well known builder at North Tahoe.

Miss Patnoude has resided in Truckee since 1952. Her mother was the late Charlotte Patnoude, who was asociated with the school system here and her father is with the sheriff's department.

SERVICES CHANGED AT INCLINE CHURCH

INCLINE VILLAGE—Rev. Chester W. Hamblin, D. D., of the Incline Village Community Presbyterian Church, announced that Sunday services for his congregation would move next Sunday, July 5th, to their new outdoor chapel.

"We are also changing to a 9:30 a.m. time instead of the 9:00 a.m. meetings at the Crystal Bay Club," he said. Dr. Hamblin also stated that the Rev. Dr. Bernard Montgomery would deliver the dedication sermon, "Trees." Dr. Montgomery is the Presbyterian executive for Nevada and Northern California.

"Our new outdoor chapel is located at the corner of the Mount Rose Highway and McCourry Boulevard in Incline Village," Dr. Hamblin advised.

Special dedication music has been prepared by William Carr, choir director, and Ann Tiller, organist.

SOME BUDGETS ARE GIVEN BOARD OKEH

Capital outlay expenditure for the judicial district courts in Truckee and Nevada City were cut by the board of supervisors during consideration of the budget for the forthcoming year.

Judge F. W. Wilson's budget was reduced to $15,684 and Judge Verle Gray's at Nevada City to $18,417.

Other budgets approved last week included Board of Trade, $11,991 which includes participation in the state fair and the Los Angeles County fair; county surveyor's budget of $6,401, which includes remapping the voting precincts in Truckee, Grass Valley and Nevada City.

Central Service Unit budget was approved for $82,530, which includes a minor postal unit for county offices and rent for offices.

The personnel commission's budget of $1,618 was approved, as was the superior court budget for $20,718 and the court reporter for $10,232. The grand jury was granted $6,350 and the public defender $9,599.

The board is continuing on its work of fixing budget requirements and it is indicated an increase in county costs is certain.

GOLLY, THIS HOMEWORK IS TOUGH!

IT'S SURE A HARD QUESTION, TAFFY

I'LL ASK MY DAD IF HE KNOWS

IF YOU WERE AN ENGLISH INDUSTRIALIST AROUND 1830, HOW WOULD YOU USE THE ARGUMENTS OF ADAM SMITH AND JEREMY BENTHAM TO JUSTIFY YOUR CLASS POSITION OF ECONOMIC LIBERALISM, AND WOULD THEIR IDEAS DESTROY YOU?

YOU MUST WORK OUT THAT PROBLEM

WHAT GOOD IS IT IF **I** DO YOUR THINKING FOR YOU?

WHAT DO **YOU** LEARN?

IT'S TIME YOU LEARN TO DO YOUR OWN THINKING

THE HUMAN BEING WAS GIVEN A BRAIN

IN ORDER TO DEVELOP THAT BRAIN, ONE MUST MAKE IT WORK!

IN ORDER TO DEVELOP OUR CHARACTER, WE MUST **THINK!**

THINKING FOR **OURSELVES** IS OUR MOST **IMPORTANT** FUNCTION TODAY!

WE, ALONE OF ALL ANIMALS, WERE GIVEN THE POWER OF REASON

YOU MUST REGARD THIS AS A GIFT AND **USE** IT!

IN THIS MORNING'S PAPER A SENATOR SAID WE SHOULD NOT BE AFRAID TO THINK THE UNTHINKABLE--- USE OUR **MINDS!**

'LO, TAFFY?

MY DAD DOESN'T KNOW THE ANSWER EITHER
